

B.Sc. (Env.) Honours Program

Major in Environmental and Resource Management

Name: _____ Student # _____

About the Program

Call attention to environmental interactions and problem solving by developing an integrated human-biophysical perspective. In Environment and Resource Management you will gain skills across the natural sciences, an understanding of how they interact, the tools and techniques needed to support decision making, and the methods of management and governance that are used in environmental decision-making. Co-op option available.

Check-list [based on 2013-14 calendar]

Bring this list with you when you come for counselling and leave it with your counsellor in your semester of graduation. A list of counsellors is posted in the first floor corridor of the Hutt Building during registration period. At other times check with the secretary in Hutt 119.
