

B.A. Honours Program: Major in Geography

Name: _____ Student # _____

About the Program

This program is designed for students wishing to concentrate on Geography. It introduces all the basic concepts in human, physical and environmental geography and requires everyone to master the important computer, cartographic, writing, and statistical skills required of a professional geographer. Within this program it is possible to include a balanced mix of Geography courses, or to specialize in techniques, human, physical or environmental topics. Careful selection of electives from complementary programs can enhance specializations within this program.

Check-list [based on 2013-14 calendar]

Bring this list with you when you come for counselling and leave it with your counsellor in your semester of graduation. A list of counsellors is posted in the first floor corridor of the Hutt Building during registration period. At other times check with the secretary in Hutt 119.
